Dear Resident,

Re: Beacon Avenue West Storm Drain Replacement

In the coming weeks the Town of Sidney crews will be replacing a storm drain main along the south side of Beacon Avenue West. This project will address poor pipe conditions of the existing storm drain main. Construction is set to commence the week of October 28, 2024, and continue for approximately 5 weeks. Prior to the actual start of construction, there will be some asphalt cutting and other preparatory work taking place within the next couple weeks.

The southerly east bound lane, bike lane and a portion of the right turn lane onto the Patricia Bay Highway (Hwy 17) will be closed while construction occurs. Driveway access and utility service will generally remain open throughout construction – any brief interruptions will be communicated with the affected residents on an individual basis. We ask residents to comply with any signage posted or directions given by workers on-site.

I would be pleased to discuss any questions you may have about this upcoming work. Please feel free to contact me at asumberac@sidney.ca, or call at 250-656-4502.

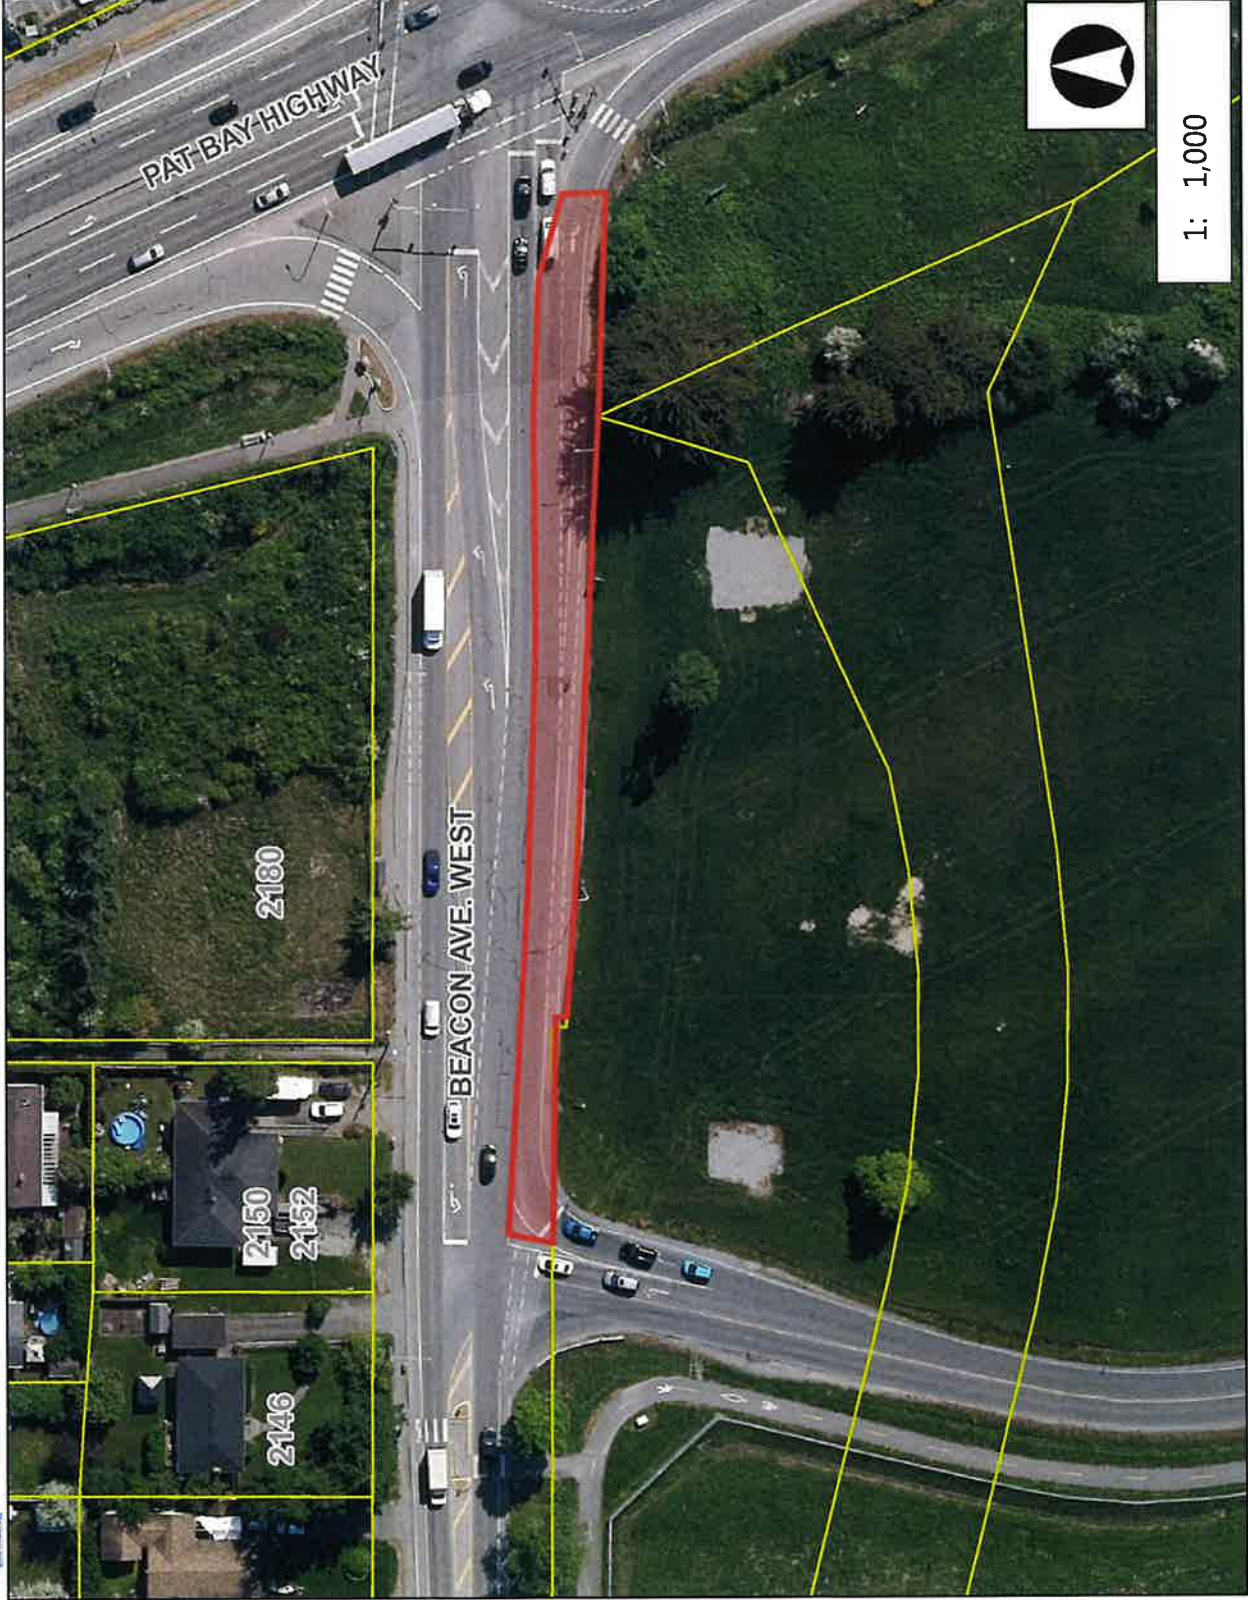

Regards,

Adriano Sumberac
