

## Public Notice

October 16, 2024

### **Lochside Drive to close to southbound traffic for multi-week periods during watermain replacement**

Between October 21<sup>st</sup> and December 20<sup>th</sup>, there will be multi-week periods where southbound traffic on Lochside Drive will be closed to vehicles and cyclists due to the replacement of a critical watermain. This closure will be in place 24 hours per day, 7 days per week. Pedestrian access will continue, as well as access for local traffic through the surrounding neighbourhood. Driveways along Lochside within the work area will be accessible from the northbound traffic movement only.

These closures will be communicated through signage, as well as Sidney.ca and social media.

The replacement of the aging watermain on Lochside Drive will reduce the risk of watermain breaks, and also make the Town's water system more resilient to seismic activity.

The map below outlines detour routes during the closure period.
